

TUCKER PATCH 2018 WORKSHOP CALENDAR

Tucker Patch is currently putting together a series of Workshops for 2018. These will include a 'How To Grow' series, providing comprehensive information on growing a range of popular vegies and fruit, including:

- **Asian Vegetables**
- **Peas & Beans**
- **Root Vegetables**
- **Brassicas (the cabbage family)**
- **Pumpkins & Squash**
- **Onions & their relatives**
- **Berries & Canefruit**

Our 'How To Grow' Workshops will be presented by trained horticulturist, Marnie Johnson, and will adhere to pesticide-free organic principles. They will be held at Tucker Patch and are expected to take approximately one to one-and-half hours per session.

The calendar will also include a 'Pruning & Caring For' series, covering:

- **Stonefruit, Apple & Pear Trees**
- **Citrus Trees**
- **Roses & Natives**
- **Nut Trees**

Other Workshops on offer could include:

- **Weed Identification & Elimination**
- **Natural Pest & Disease Control**
- **Companion Planting – Does it Work?**
- **Propagating Natives and Exotics**
- **Saving Money In The Garden**

... plus lots more!

Please note: Workshops will only run if enough attendees warrant it – so check our website www.tuckerpatch.com.au regularly for updates and scheduled dates, and register your interest or suggest other topics by emailing annelawton398@gmail.com
